

Exodus to become CIRS's representative for its services in Israel

03 March 2010

CIRS are happy to announce Exodus Communications and Technologies Ltd. as a new agent for its services in Israel. Many Israeli companies export chemical raw materials into the EU and China or trade chemicals between China and Europe. CIRS helps companies such as these to comply with the EU REACH Directive, EU Cosmetics Directive, Administration of New Chemical Substance in China and Administration of Import and Export of Cosmetics in China.

As a main service agent for the EMEA, Exodus Communications and Technologies Ltd. will act as one of the main point of contact for information on the regulatory and chemical testing services that CIRS can provide in this region. As the largest REACH compliance service provider in the world, CIRS can deliver cost-effective solutions to allow you to comply with the relevant legislation governing your exports.

For further information, Exodus Communications and Technologies Ltd. may be contacted by calling +972-3-9225588 or emailing info@exodus.co.il.
