Seminar on the Interpretation of the Latest 2015 Hazardous Chemicals Regulations and Introduction to China GHS

Shanghai • China

The *2015 Catalogue for Hazardous Chemicals* formulated by the State Administration of Work Safety, Ministry of Industry and Information Technology, Ministry of Public Security, Ministry of Environmental Protection, Ministry of Transport, Ministry of Agriculture, National Health and Family Planning Commission, General Administration of Quality Supervision, Inspection and Quarantine, National Railway Administration and Civil Aviation Administration has been formally implemented since 1st May 2015. CIRS and Chemwatch are to hold the seminar in order to make sure that hazardous chemicals enterprises and other relevant entities and personnel understand and get hang of the requirements of *2015 Catalogue for Hazardous Chemicals* (Abbreviated as *Catalogue*), learn the changes to the latest *Catalogue*, clarify their thoughts concerning the classification and registration of risk identification of chemicals not listed in the *Catalogue* and prepare SDS and labeling compliance with hazardous chemicals registration. CIRS and Chemwatch together with experts from SAWS Chemical Registration Center hope to give answers to these questions during the seminar and ensure that enterprises' products comply with relevant regulations. You are welcomed to sign up and attend the seminar.
