**CIRS publishes detailed information on the new Malaysian chemical regulation (EHSNR).**

The Malaysian draft Regulation on "Environmentally Hazardous Substances Notification and Registration" (EHSNR) started on 2 January 2009 under the voluntary notification scheme and will be replaced by a mandatory programme when the regulation comes into force in 2011. If you export chemicals to Malaysia, you are strongly recommended to read our article.

**CIRS now offers services helping companies comply with the latest chemical regulation in Turkey.**

If you export chemicals to Turkey, you might need to comply with The Turkish Regulation - "***Inventory and Control of Chemicals***"(CICR) which entered into force on 1 January 2009. The Regulation imposes the obligation to notify information to the inventory of the Ministry of Environment and Forestry on all existing and new substances, either on their own or in preparation(s), imported or manufactured in Turkey in quantities above 1 tonne per year. The notification deadline is **31 March 2011**.
